how can we help your business grow?

- Unlike high street banks we are not tied to any one provider, so we have no credit limits.
- We assist in the planning and funding of expansion programmes, giving you the confidence to tender for future contracts.
- Improve cash-flow and keep running costs down by the re-finance of long-life assets and spread the cost over their full working life.
- We can help to raise capital when considering a business acquisition.

flexible finance, helping hand...

Experience is our strength and with these competitive and changing times you can be assured that Avelease remain committed to be one of the best asset finance broker to the UK liquid waste industry.

If you need to improve your cash flow or raise that much needed working capital, Avelease will find a solution that works for your business.

Raise money by re-finance

Release equity tied up in your vehicles by way of re-finance.

We achieve this by taking a complete review of your vehicle and equipment fleet, enabling us to advise just how much money we can raise.

Reduce your finance payments by re-structure

Lengthening the term on your existing agreements can often significantly reduce your ongoing finance payments.

We have been doing this for many years and we use our experience to review your finance commitments and save you money.
